

**Bill Long and Christine Jewitt Speak on NYS No-Fault to FirstGroup  
America**

AUGUST 2011

Biennial Presentation to FirstGroup America

***An Overview of New York State No-Fault Law***

Arlington, Texas, August 22, 2011

On August 22, 2011 Bill Long and Christine Jewitt were invited to present the topic "An Overview of New York State No-Fault Law" to FirstGroup America in Arlington, Texas. The presentation reviewed New York State's rather archaic and convoluted No-Fault Law known as The Comprehensive Automobile Insurance Liability Act along with Insurance Regulation 68. The focus of the discussion of the law was done from the perspective of the claims professional and addressed such issues as what is Economic Loss, who is an "eligible injured person", what are the restrictions to Basic Economic Loss sought by an "eligible person", exclusions to coverage, the claims process, and the No-Fault arbitration process.
